Subject Index to Volume 8

- Acid fast technique, 197
Acquired immunodeficiency syndrome
 Cryptosporidium spp.
 present in, 197
 Isopora belli present in, 197
Agar dilution procedure
 for *Bordella pertussis* MICs, 131
 for susceptibility results of anaerobic organisms, 95
AIDS. See Acquired immunodeficiency syndrome
Amikacin
 for *Mycobacterium avium* complex, 149
Aminoglycosides
 for Nocardial chemotherapy infections, 119
Amphotericin B
 for *Candida* vertebral osteomyelitis, 31
 recurrent ventricular tachycardia and, 113
Ampicillin
 Enterobacter spp. tested against, 1
 Serratia marcescens tested against, 1
 Shigella flexneri resistance to, 193
Anaerobic bacteria
 ceftizoxime testing against, 87
 cefotixin testing against, 87
 gram-positive, 245
 β -lactamase producing, 61
Antibodies
 antideoxyribonuclease B, 25
 antistreptolysin O, 25
 streptococcal, detection of, 25
Aspergillus spp.
 immunoidentification of, 183
AutoMicrobic System (AMS)
 for direct susceptibility testing of blood culture isolates, 1
Aztreonam
 for cystic fibrosis, 51
Bacteremia
 detection of, 19
Bacteroides fragilis
 cephalosporin activity against, 157
 ceftizoxime, 87
 MICs of, 61
Blastocystis hominis
 epidemiology and clinical features of infection for, 235
 metronizadole for, 235
Bordella pertussis
 quinolone antimicrobics for, 131
Bronchiolitis
 respiratory syncytial virus-caused, 101
Broth disk elution test, 87
Candida
 vertebral osteomyelitis, 31
Cefaclor
 antimicrobial activity of, 245
Cefamandole
 Enterobacter spp. tested against, 1
 Serratia marcescens tested against, 1
Cefixime
 antimicrobial activity against, 245
Cefoperazone
 effect of β -lactamase inhibitors on, 61
Cefotaxime
 antimicrobial activity of, 157, 245
 effect of β -lactamase inhibitors on, 61
 Nocardia spp.
 susceptibility to, 119
Cefoxitin
 antimicrobial testing of, 87
Ceftizoxime
 antimicrobial testing of, 87, 157
 Bacteroides fragilis
 guidelines for, 87
Ceftriaxone
 antimicrobial activity of, 157
Cefuroxime
 antimicrobial activity of, 245
Cephaloridine
 antimicrobial activity of, 245
Cephalosporins
 aminothiazolyl
 methoxyimino, 157
 esters, 245
Cephamycins
 bacterial susceptibility to, 157
Cephapirin
 Mycobacterium avium
 complex resistance to, 149
Cervical chlamydial infection
 immunofluorescence
 diagnosis of, 179
Chemotherapy
 of Nocardial infections, 119
IV Chloramphenicol
 for *Yersinia enterocolitica* meningitis and osteomyelitis, 47
Chorioamnionitis
 Gardnerella vaginalis, 107
Cinoxacin
 for *Bordella pertussis*, 131
Ciprofloxacin
 for *Bordella pertussis*, 131
 for *Nocardia* spp., 119
Clavulanic acid
 MICs of, 61
 single-dose surgical prophylaxis using, 67
Clindamycin
 Mycobacterium avium
 complex resistance to, 149
Clostridium difficile toxin
 effect of age on cell cultures of, 203
Coagulase
 -negative staphylococci, 57, 215
Cryptosporidium spp.
 present in AIDS, 197
Cystic fibrosis
 aztreonam for, 51
Cytomegalovirus
 recovery from leukocytes, 123
DNA
 Gen-Probe hybridization systems, 69
Edema
 pulmonary, 107
EIA antigen test
 for respiratory syncytial virus, 101

- ELISA
 lack of antibody induction following, 127
 for rotavirus detection, 221
- Endocarditis
 effect of antimicrobials on, 165
Escherichia coli and, 165
Pseudomonas aeruginosa and, 165
Staphylococcus aureus and, 165
- Enoxacin
 for *Bordella pertussis*, 131
- Enterobacter* spp.
 ampicillin against, 1
 cefamandole against, 1
 inhibited growth of, 19
- Enzyme immunoassay
 for rotavirus detection, 221
 for rubella, 173
- Erythromycin
Mycobacterium avium resistance to, 149
- Escherichia coli*
 endocarditis and, 165
 β -glucuronidase assay for, 225
- 5FC
 for *Candida* vertebral osteomyelitis, 31
- Fluorescent antibody test
 for respiratory syncytial virus, 101
- Fungemia
 detection of, 19
Saccharomyces cerevisiae, 113
- Fungi
 inhibited growth of, 19
- Fusidic acid
 for *Nocardia* spp., 119
- Gardnerella vaginalis*
 chorioamnionitis, 107
 prevention of inhibition of, 19
- Garlic extract
 lack of antimycobacterial synergism of, 79
- Gelatin
 evaluation of trypticase soy broth and, 19
- Gen-probe DNA hybridization systems, 69
- Gentamycin
 for *Mycobacterium avium* complex, 149
 β -Glucuronidase assay, 225
- Gonorrhea
Escherichia coli ID, 255
 procaine penicillin for, 13
- Hemagglutination inhibition test
 for rubella, 173
- Hemophilus aphrophilus* discitis, 189
- vertebral osteomyelitis, 189
- Herpes simplex virus
 detection of in MRC-5 cells, 251
- Hickman catheter
 vertebral osteomyelitis due to *Staphylococcus warneri* attributed to, 57
- Histolyn-CYL
 lack of antibody induction following, 127
- Histoplasma capsulatum*
 yeast and mycelial phase antigens, 127
- HIV. See Human immunodeficiency virus
- Human foreskin fibroblasts
 CHO-K1, 203
 Hep-2, 203
 W1-38, 203
- Human immunodeficiency virus
 persistent shigellosis and, 193
- Imipenem
 for *Nocardia* spp., 119
- Isopora belli*
 present in AIDS, 197
- Kanamycin
 for *Mycobacterium avium* complex, 149
- Ketoconazole
 for *Candida* vertebral osteomyelitis, 31
- β -Lactamase
 CARB-2, 245
 cefoxitin resistance and, 157
 K1, 245
 OXA-1, 245
 TEM-1, 245
 Type 1a, 245
 rotavirus detection, 221
- Latex agglutination assay
 for streptococcal antibodies, 25
- Leap strep test, 25
- LeucoPREP
 leukocyte separation by, 123
- Leukemia, acute
 nonlymphocytic
Candida vertebral osteomyelitis and, 31
- Leukocytes
 cytomegalovirus recovery from, 123
 polymorphonuclear, 123
 separation of for virus isolation, 123
- Macrodex
 leukocyte separation by, 123
- Meningitis
Yersinia enterocolitica and, 47
- Metronizadole
 for *Blastocystis hominis*, 235
- Minimal inhibitory concentrations (MICs)
 aminothiazolyl cephem, 157
Bordella pertussis, 131
 cefoperazone, 61
 cefotaxime, 61
 cefoxitin, 87
 ceftizoxime, 61, 87
 cinoxacin, 131
 ciprofloxacin, 131
 enoxacin, 131
 norfloxacin, 131
 ofloxacin, 131
 oxacillin-resistant
Staphylococcus aureus, 137
 Sceptor system, 95
- Minocycline
Mycobacterium avium complex resistance to, 149
- Moxalactam
Mycobacterium avium complex resistance to, 149
- MRC-5 cells
 herpes simplex virus detection in, 251
 shell vial centrifugation enhancement, 251
- Mycelial
 phase-antigen, 127
- Mycobacterium avium* complex
 Gen-Probe DNA hybridization for ID of, 69
 growth inhibited by garlic extract, 79
 susceptibility of to antibacterial agents, 149
- Nasopharyngeal-washings
 for diagnosis of respiratory syncytial virus, 101
- Neisseria gonorrhoeae*
 ordinary strains of, 13
 penicillinase-producing strains of, 13
 prevention of inhibition of, 19
- Neisseria meningitidis*
 prevention of inhibition of, 19
- Nitrocefin
 antimicrobial activity of, 245
- Nocardia* spp.
 osteomyelitis due to, 37
 susceptibility to

- antimicrobial agents, 119
- Norfloxacin
 - for *Bordella pertussis*, 131
- Novobiocin
 - for *Staphylococcus aureus*, 137
- Ofloxacin
 - Bordella pertussis* susceptibility to, 131
- Osteomyelitis
 - Candida vertebral*, 31
 - Nocardial, 37
 - vertebral, due to
 - Staphylococcus warneri*, 57
 - Yersinia enterocolitica* and, 47
- Oxacillin
 - resistance to *Staphylococcus aureus*, 1, 137
- Penicillin
 - Mycobacterium avium* resistance to, 149
 - procaine, for gonorrhea infection, 13
- Penicillinase
 - producing strains of *Neisseria gonorrhoeae*, 13
- Peptone
 - for viridans streptococcus, 165
- Peptostreptococcus anaerobius*
 - prevention of inhibition of, 19
- Peritonitis
 - continuous ambulatory peritoneal dialysis, 215
- Plasmagel
 - leukocyte separation by, 123
- Plasmids
 - coagulase-negative staphylococcal isolates, 57
- Pneumonia
 - respiratory syncytial virus-caused, 101
 - of unknown etiology, 37
- Preterm labor
 - tocolytic therapy for, 107
- Procaine
 - penicillin, for gonorrhea infection, 13
- Pseudomonas aeruginosa*
 - aztreonam for, 51
 - endocarditis and, 165
 - inhibited growth of, 19
- Pseudomonas* spp.
 - ester activity against, 245
- Quinolone antimicrobics
 - for *Bordella pertussis*, 131
- Renal failure
 - chronic, *Saccharomyces cerevisiae* and, 113
- Respiratory syncytial virus
 - detection of, 101, 229
- Rifabutin
 - for *Mycobacterium avium* complex, 149
- Rifampin
 - for *Staphylococcus aureus*, 137
- Rotavirus
 - fecal specimen detection of, 221
- Rubacell test
 - for rubella, 173
- Rubella
 - antibodies, 173
- Saccharomyces cerevisiae*
 - fungemia, 113
- Sceptor anaerobe MIC/ID
 - micro broth dilution panels
 - anaerobic organism susceptibility determined by, 95
- Serratia marcescens*
 - tested against ampicillin, 1
 - tested against cefamandole, 1
- Shigella flexneri*
 - multiple drug resistance in, 193
- Shigellosis
 - in HIV, 193
- Skin testing
 - lack of antibody induction following, 127
- Slime production
 - lack of correlation with pathogenicity in CAPD peritonitis, 215
- Sodium polyanetholsulfonate
 - inhibitory activity of prevented, 19
- Spectinomycin
 - for gonorrhea, 13
- Staphylococci*
 - coagulase-negative, 215
 - reduced recovery time of, 19
 - tested against oxacillin, 1
- Staphylococcus aureus*
 - endocarditis and, 165
 - oxacillin-resistant, 137
- Staphylococcus warneri*
 - vertebral osteomyelitis due to, 57
- Streptococcal
 - antibody detection, 25
 - infections, 25
- Streptococcus viridans*, 165
- Streptomycin
 - for *Mycobacterium avium* complex, 149
- Sulbactam
 - as β -lactamase inhibitor, 61
- Sulfisoxazole
 - for *Mycobacterium avium* complex, 149
- Sulfonamides
 - for chemotherapy of Nocardial infections, 119
- Tachychardia
 - recurrent ventricular, amphotericin for, 113
- Tetracycline
 - Shigella flexneri* resistance to, 193
- Thioglycolate
 - for viridans streptococcus, 165
- Ticarcillin
 - single-dose surgical prophylaxis using, 67
- Tocolytic therapy
 - for preterm labor, 107
- Todd-Hewitt ASO tube test, 25
- Trauma
 - Candida vertebral* osteomyelitis and, 31
- Trimethoprim-sulfamethoxazole
 - Mycobacterium avium* complex resistance to, 149
 - Shigella flexneri* resistance to, 193
 - for *Yersinia enterocolitica* meningitis and osteomyelitis, 47
- Trypticase soy broth
 - controlled evaluation of, 19
 - for viridans streptococcus, 165
- Vancomycin
 - Mycobacterium avium* resistance to, 149
- Vertebral osteomyelitis
 - Hemophilus aphrophilus*, 189
- Yeast
 - antigen, 127
 - extract, controlled evaluation of, 19
- Yersinia enterocolitica*
 - IV chloramphenicol for, 47
 - meningitis and, 47
 - osteomyelitis and, 47
 - trimethoprim-sulfamethoxazole for, 47
